# LODGE LAYOUT

Immersed in 68,000 acres of pure African wilderness in the renowned Lewa Conservancy, set on serene green lawns and acacia trees with abundant wildlife all around, Sirikoi is the ideal base for an African safari. It sits between the arid lands of Northern Kenya and the lush slopes on Mt Kenya. Its four luxury tents, the Sirikoi Cottage and the private Sirikoi House, are perfectly positioned along spring-fed streams and wetlands, visited day and night by large numbers of wildlife.
