

HOUSE LAYOUT

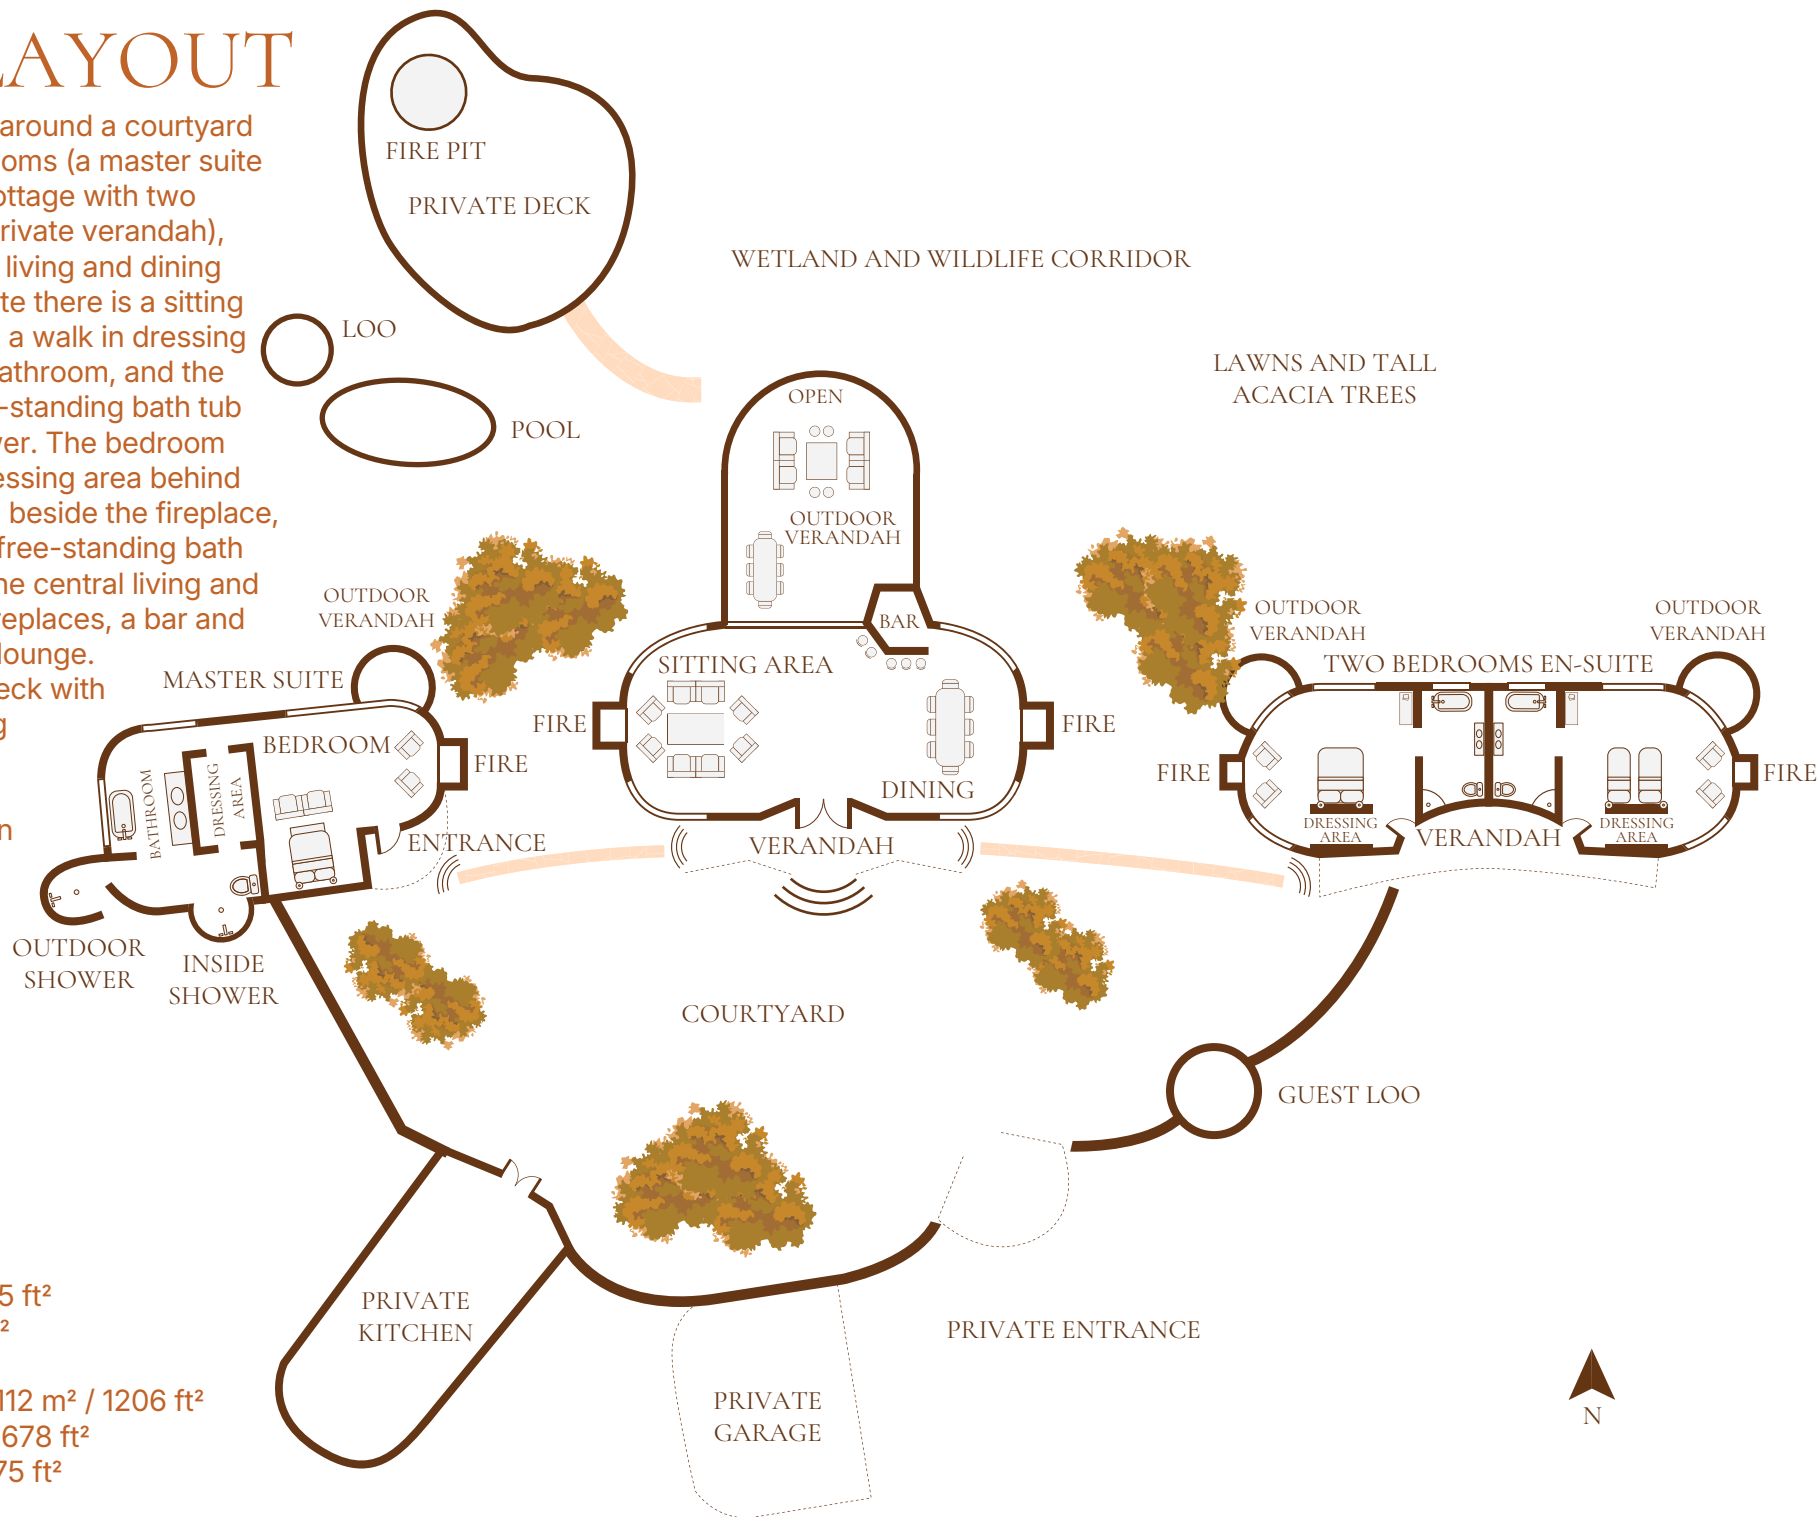

HOUSE LAYOUT

The Sirikoi House is built around a courtyard with three en-suite bedrooms (a master suite and separate bedroom cottage with two en-suite bedrooms and private verandah), which lead onto a central living and dining cottage. In the master suite there is a sitting area beside the fireplace, a walk in dressing area which leads to the bathroom, and the bathroom includes a free-standing bath tub and an outdoor rain shower. The bedroom cottage rooms have a dressing area behind the bed and a sitting area beside the fireplace, and the bathrooms have free-standing bath tubs and rain showers. The central living and dining cottage has two fireplaces, a bar and verandah with an outdoor lounge. There is a large private deck with a fire pit, built overlooking the wetland.

Sirikoi House is only taken on an exclusive use basis for 6 guests.
